

# JENN LANGFORD

Assistant Corporate Controller

## PROFESSIONAL BIO

Jenn Langford currently serves as the Assistant Corporate Accountant for Intelica CRE, where she is recognized for her proven ability to effectively manage accounting assignments that support the corporate operation of the company. She is an experienced, results-driven finance professional with a demonstrated history working in the financial accounting service industry. As a seasoned professional with more than 15 years of accounting experience, Jenn is known for providing consultation and accounting advice by using established accounting principles and processes to ensure books and financial statements are accurately presented.

Jenn has an impressive track record with providing CFO services for clients in a variety of industries including real estate, health care, automotive, non-for-profit, retail, manufacturing and construction. Her natural willingness to work together “across the aisle” unifies all departments within the organization to collaborate as one in an effort to improve overall efficiency. She has additional experience in property management, office management and training, which helped clients by improving their efficiency while assisting them with implementing up to date accounting practices and procedures.

Jenn is happiest when she is spending quality time with her three daughters. She enjoys expressing her creative side through artistic projects like sketching, painting, designing and decorating.

## EDUCATION

Bachelors of Science in Accounting with a minor in Management  
Associates of Arts in Fashion Merchandising
