

# JORDAN MANNER

BROKERAGE ANALYST

## PROFESSIONAL BIO

Jordan Menner is a Brokerage Analyst at Intelica CRETM. With a focus primarily on business development in the local industrial and office markets, Jordan has teamed up with the principals of Intelica to increase their presence in sales, leasing and tenant representation. She will continue to work in these markets with an emphasis on landlord representation, project leasing, tenant representation, contract negotiation and site selection.

Before working at Intelica, Jordan worked at Cushman and Wakefield for four years and was responsible for the management and oversight of multimillion-dollar client portfolios in Lease Administration. She managed budgets, projects and portfolios with a team of financial analysts ensuring all projects and programs complied with SOC regulations and exceeded client needs. She identified cost-saving techniques and implemented new business processes to reduce costs and foster business development for clients.

Jordan lives in South City with her dog, Boomer. When not at work, she enjoys trying new restaurants, hanging out with friends and playing sand volleyball.
